Международная конференция «ЭКОНОМИЧЕСКАЯ СОЦИОЛОГИЯ: ПРОБЛЕМЫ И ПЕРСПЕКТИВЫ»

Университет Крита (Рефимно), Греция

8–10 сентября 2004 г.

Очень неплохая мысль – провести конференцию по экономической социологии на о. Крит в сентябре (если кому-то не приходила в голову подобная мысль – рекомендуем). А если при этом еще и организовать достойную программу, да заполучить Марка Грановеттера, которому пришлось сделать три перелета из Калифорнии, то можно считать, что успех гарантирован.

Это была промежуточная конференция европейской исследовательской сети «Экономическая социология» (Interim Conference), которая организуется в тот самый год, когда нет ни Всемирного, ни Европейского социологических конгрессов. Напомним, что предыдущая Interim Conference «Экономическая социология на пороге третьего тысячелетия» проводилась нами в Москве в январе 2004 г. (кстати, многие участники вспоминали ее добрым словом за чаркой белого критского вина).

Осталось сказать, что организовал конференцию на базе Университета Крита нынешний сопредседатель нашей европейской сети Сократис Кониордос. Слава героям Эллады!
